

AP Physics Summer Assignment

The purpose of the AP Physics summer assignment is for students to register, enroll, and familiarize themselves with the Quest learning platform used extensively in AP Physics. Students already enrolled in Quest will only have to enroll in the new course for the summer assignment using their prior username and password. The summer assignment will occur in three parts: Create a username and password, enroll in the summer assignment course, and complete the assignment that is posted.

Part 1: Creating a username and password

1. Go to <https://quest.cns.utexas.edu/>
2. Click the log in button.
3. Click "I need a UT EID"
4. Follow the instructions to create your username.
 - a. Be sure to input a valid email.
 - b. Write down your username and password.

The screenshot shows the Quest Learning & Assessment website. At the top left is the Quest logo. The main content area is divided into sections: "New to Quest?" with links for "Instructors" and "Students", and "Hybrid Learning" with a brief description of the learning model. The University of Texas at Austin logo and "College of Natural Sciences" are visible in the top right.

The screenshot shows the Quest login page. It features two input fields: "UT EID" and "PASSWORD". Below the fields is a red "LOG IN" button. At the bottom, there is a link that says "I forgot my UT EID or password. I need a UT EID. Help".

Part 2: Enrolling in the Summer Assignment Course

1. Use your new username and password to sign into Quest using the screens shown in part 1.
2. Click the "Enroll in new course" button in the upper left corner
3. Enter course number 112358
4. I will have to approve your enrollment before you can begin the assignment. Please email me if your enrollment isn't approved in a few days.

The screenshot shows the "My Courses" page on the Quest platform. At the top is the Quest Learning & Assessment logo. Below it is a "Jump to Assignment" section with two dropdown menus: the first is set to "- select course -" and the second is set to "- none -". To the right is a "Semester:" dropdown menu set to "Fall 2017". Below these is a blue button labeled "Enroll in new course" next to a blue atom icon. On the right side, the course title "1st AP Electric" and "1st A... / 12017" is displayed.

Part 3: Complete the summer assignment

1. Log into Quest using the screens shown in part 1
2. Select the summer assignment course (Note you must select summer semester if the course isn't visible)
3. Answer the questions – You have approximately seven tries per question with a decreasing amount of point awarded when wrong answers are entered.

Tips and Advice:

1. Never round an answer on your calculator especially if your using an answer to calculate another answer.
2. Enter at least 6 digits into the answer field (Do not round)
3. Don't wait to log in. Putting off your assignment and subsequently no getting it completed is not an excuse. Come see me asap before school is out if you have questions. During the summer email me and I will do my best to respond in a timely fashion.
4. My email: himesb@calvertnet.k12.md.us
5. Have fun.
